

VIVEKANAND EDUCATION SOCIETY'S COLLEGE OF PHARMACY, Chembur, Mumbai 74

Department of Lifelong Learning and Extension [DLLE] (known earlier as Department of Adult and Continuing Education and Extension) promote a meaningful and sustained rapport between the Universities and the community. The DACEE offers flexible Continuing Education opportunities for the people. Keeping the UGC focal points in mind, in continuing education too the focus had now to be on the use of technology and the introduction of online short duration courses for the students, the working population, and the citizens, etc., consequently the Department has established an e-Learning Centre as well as Student Placement / Career Guidance Center during the X Plan financial assistance from the UGC. The department works with a wide variety of partner bodies in the region and propose their courses at many locations within the jurisdiction of University in association with our associate extension work colleges through our e-learning supported network.

Our college has made its debut in the department of lifelong learning and extension project. It is a happy moment for our college as we have got a whooping response from students, as a result of which we have 25 student participants registered for the extension work activities.

Student Manager: Mr. Vivek Singh

Extension Teacher: Dr. Mrs Pradnya Palekar Shanbhag

Students are extremely enthusiastic to work on one of the project schemes Career Skills Development Education Projects.

Career Skills Development Education Projects activity intent to provide information about a career in depth. Through this project, it is proposed to assist individuals of any age and at any point throughout their lives, to make education, training and occupational choices and to manage their careers. We are providing here a model that can help young generation to choose a career, gain competencies required for it, make decisions, set goals and then take an action. This information is helpful not only for fresher but also throughout one's life. First of all you must identify academic and career options available. This step allows you to investigate the world of work, narrow a general occupational direction into a specific one through an informed decision-making process.

Following activities to be undertaken:

- 1) Attend training programs and meetings with the field coordinators
- 2) Selection of a project by the students
- 3) Literature survey
- 4) Awareness through presentations and brochures/pamphlet/booklet
- 5) Oral presentation
- 6) Exhibit the information collected (dissemination of information)
- 7) Attend Annual festival 'UDAAN' by the department
- 8) Submission of project report

Dr. Mrs. S. S. Shidhaye
